Experiences

- 2019-2020 **Witklipfontein Eco Lodge** – South Africa
Function: Game Lodge, marketing and bookings manager, game farm manager and webmaster.
This was the implementing of the lodge commercial infrastructure to check the break-even between the lodge income and the farm expense. This was a success and other units are planned to be build the same way.
www.witklipfontein.co.za
- 2014-2018 **Building of Witklipfontein Eco Lodge** – South Africa
Function: Designer architect, Builder, building site supervisor and coordinator.
This is a personal project where we tried to fill the gap between vernacular building technics and contemporary architecture. It was for us a laboratory to test and implement different earth building techniques.
